1 AN ACT relating to sheriff's collection fees for volunteer fire department  
2 membership charges or subscriber fees.

3 ***Be it enacted by the General Assembly of the Commonwealth of Kentucky:***

4 ➔Section 1. KRS 75.450 is amended to read as follows:

5 (1) A fire department which collects membership charges or subscriber fees for  
6 combatting fires or serving in other emergencies shall base its annual fee or charge  
7 on the level of protection offered.

8 (2) A fire department that responds to a fire or other emergency on the property of a  
9 nonmember or nonsubscriber may charge the following fees for services rendered:

10 (a) Up to five hundred dollars (\$500) for single family residential units; utility  
11 occupancies of two thousand (2,000) or fewer square feet; assembly and  
12 business occupancies having a capacity which does not exceed one hundred  
13 (100) persons; equipment; vehicles; and grass or woods fires; and

14 (b) Up to one thousand dollars (\$1,000) for multifamily residential units;  
15 assembly and business occupancies having a capacity exceeding one hundred  
16 (100) persons; storage occupancies; utility occupancies of more than two  
17 thousand (2,000) square feet; and all industrial, educational, or institutional  
18 occupancies; and

19 (c) Up to five hundred dollars (\$500) for responding to emergencies not covered  
20 in paragraphs (a) and (b) of this subsection, including response to high hazard  
21 occupancies as defined in KRS 198B.010. The department may be entitled to  
22 recover necessary and reasonable costs in excess of the five hundred dollar  
23 (\$500) limit based upon submission of a written itemized claim for the total  
24 costs incurred. Disputes involving fees in excess of the five hundred dollar  
25 (\$500) limit shall be submitted to arbitration by the commission.

26 (3) For the purposes of subsection (2)(a) and (b) of this section, the meaning of  
27 assembly, business, industrial, educational, and institutional occupancies shall be as

1 defined in KRS 198B.010. The meaning of storage and utility occupancies shall be  
2 as defined in the Kentucky Building Code, Sections 311.1 and 312.1 respectively,  
3 promulgated pursuant to KRS 198B.050.

4 (4) Property owned by the Commonwealth of Kentucky and the federal government  
5 shall be exempt from charges.

6 (5) If more than one (1) department responds to a fire or other emergency, the fee shall  
7 be paid only to the department which is authorized to protect the property pursuant  
8 to KRS 75.440(2)(a).

9 (6) A fire department shall respond within its jurisdiction to all fires and to other  
10 emergencies for which it is responsible as set forth in its mission statement. A copy  
11 of each fire department mission statement shall be filed with the commission. A  
12 new department shall file its statement when it is incorporated. A department in  
13 existence on July 15, 1994, shall file its mission statement by July 1, 1995. A copy  
14 of the mission statement shall be posted in a conspicuous location in each station of  
15 the department, and shall be filed with the county clerk of each county in which the  
16 department has jurisdiction pursuant to KRS 75.440(2)(a). The mission statement  
17 shall remain in effect until amended, and filed and posted by the fire department in  
18 the locations as required by this subsection.

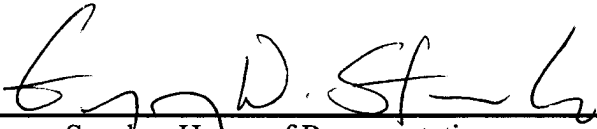

19 (7) If a fire department collects membership charges or subscriber fees, the fiscal court  
20 may adopt an ordinance to require the annual membership charges or subscriber  
21 fees to be added to property tax bills. In any county where the fiscal court has  
22 adopted such an ordinance, the county clerk shall add the annual membership  
23 charges or subscriber fees to the tax bills of the affected property owners in a place  
24 separate from the bill of the fire district tax or fire subdistrict tax so that ratepayers  
25 can ascertain the amount of the membership charges or subscriber fees apart from  
26 the fire district tax.

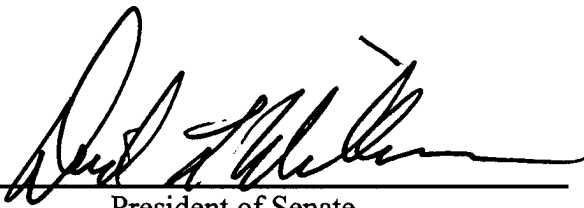

27 (8) The membership charges or subscriber fees shall be collected and distributed by the

sheriff to the appropriate fire departments in the same manner as the other taxes on the bill and unpaid fees or charges shall bear the same penalty as general state and county taxes. This shall be a lien on the property against which it is levied from the time of the levy. The fiscal court shall, in the ordinance set forth in subsection seven (7) of this section and in consultation with the sheriff and the fire department, set a collection fee for the sheriff to retain an amount not to exceed four and one-fourth percent (4.25%) of the membership charges or subscriber fees collected.

➔Section 2. KRS 273.401 is amended to read as follows:

- (1) If a fire department created under the provisions of this chapter is authorized by law to collect membership charges or subscriber fees for combating fires or serving in other emergencies, the legislative body of the city or county where the fire department is located may require those annual membership charges or subscriber fees to be added to property tax bills. The county clerk shall add the annual membership charges or subscriber fees to the tax bills of the affected property owners.
- (2) The membership charges or subscriber fees shall be collected and distributed by the sheriff to the appropriate fire departments in the same manner as the other taxes on the bill and unpaid fees or charges shall bear the same penalty as general state and county taxes. This shall be a lien on the property against which it is levied from the time of the levy. The legislative body of the city or county where the fire department is located shall, in consultation with the sheriff and the fire department, set a collection fee for the sheriff to retain an amount not to exceed four and one-fourth percent (4.25%) of the membership charges or subscriber fees collected.
